

SR 167 Corridor Improvements Project

Voluntary Submitters Meeting

Tuesday, October 18, 2022 | 1:00-2:30 p.m.

Online via Zoom

The Washington State Department of Transportation (WSDOT) will hold an informational meeting for interested contractors and consultants regarding the design-build Request for Qualifications (RFQ) on Tuesday, Oct. 18, 2022. The SR 167 Corridor Improvements Project (Project) will upgrade the toll system on SR 167 by updating the photo tolling, destination pricing, implementing double white line buffers in select areas and other general updates.

Additionally, in the northbound direction, the project will convert the planned high occupancy vehicle (HOV) lane constructed as part of the SR 167, SR 410 to SR 18 Congestion Management Project, to an express toll lane (ETL). When complete, the SR 167 ETLs will tie into and mirror the I-405 ETL system from Renton to Bellevue, currently under construction.

This project also includes construction of a southbound auxiliary lane on SR 167, between S. 277th St. and SR 516 to address the high volume of traffic along this section of SR 167, improve area traffic operations, and improve safety performance.

Major scopes of work include:

- Upgrade existing toll system
- New ITS and illumination installations
- Toll rate and static ETL and guide signage
- Revise pavement markings to match the toll system and ETLs
- Minor shoulder widening at two new CCTV sites
- Retaining walls at spot locations to accommodate electrical service cabinets
- Pavement rehabilitation at spot locations
- Stormwater collection, conveyance, and treatment
- Maintenance of traffic

Inclusion goals for the Project are set in the amounts of:

- **MWBE voluntary goals:** 10% Minority / 6% Women
- **SVBE enforceable goals:** 5% Small / 3% Veteran

The purpose of this information meeting is to discuss the scopes of work in detail, potential opportunities for work, the Design Build procurement process, schedule and next steps. We will also provide time for questions and answers.

Zoom meeting instructions

- Registration is required. *Register for the meeting at this [link](#).*
- After registering, you will receive a confirmation email with information about joining the webinar.
- You will receive an email from Zoom confirming your registration.
- Download the [Zoom Client](#) before the meeting starts.
- You can also download the free Zoom app on your phone to join the meeting.
- Contact Samantha DeMars-Hanson with any questions about the Zoom meeting. Email: DeMarsS@consultant.wsdot.wa.gov
Phone: 360-739-4314
